AI Tools	: ChatGPT, GitHub Copilot, Claude, Gemini
Soft Skills	: Problem Solving, Team Collaboration, Attention to Detail, Adaptability, Communication

EDUCATION

Bachelor of Computer Applications (BCA)

JMJ BCA College, Shiggi – Dharwad University

2023 – 2026 | CGPA: 8.53 / 10.0

EXPERIENCE

Frontend Developer Intern – Prompt Engineering

[Proedge Learning, Sirsi](#)

Dec 2025 – Apr 2026

- Developed responsive UI components using React, Tailwind CSS, and Vite across multiple projects.
- Leveraged AI tools and prompt engineering to improve workflow and accelerate feature delivery.
- Ensured cross-device compatibility and accessibility best practices throughout all deliverables.

PROJECTS

PR Agency Website

Technologies: React, Vite, Tailwind CSS

- Built a responsive multi-section website with services, portfolio, and contact sections.
- Implemented smooth navigation and dynamic UI for enhanced user experience.

Patient Billing & Analytics Report

Technologies: Oracle SQL, Microsoft Report Builder

- Developed SQL-based reports generating billing insights and data-driven analytics.
- Structured reporting workflows to support healthcare decision-making.

Offy AI – Offline Program Generator

Technologies: Python, ML, Electron.js, JSON

- Built an offline AI code-generation tool in a team using ML and Electron.js.
- Integrated ML models with a desktop interface for seamless user interaction.

Thalassa – Restaurant Website

Technologies: HTML, CSS, JavaScript

- Created a responsive restaurant website with smooth navigation and interactive UI.
- Focused on visual presentation and user engagement.

CERTIFICATIONS & ACHIEVEMENTS

Certifications

- Skill India – Frontend Development
- Oracle SQL & Microsoft Report Builder – MSME Hubli

Achievements

- Built 4+ frontend projects using modern React/Tailwind stack.
- Maintained CGPA of 8.53 throughout the BCA program.
